**Graphics Editing Software:**

**Hardware**

- Graphics Boards
- Trailer Displays
- VMS Displays
- Up to 5 Color Displays

**Software description**

GRAFIT is a feature-rich software package for creating graphics, animations, logos etc for your Graphics Board or railer Display. The GRAFIT User Interface allows the user to create and display graphics or text messages. They can then be displayed as a single frame or as animations (multiple frames).

**Interfaces**

- Create Graphics or Text Messages
- Up to five colors available
- Import other graphic file formats
- Scheduling
- Sequencing of Texts

The software includes an array of useful editing tools such as:

- Text Editor
- Line Tool
- Fill Function
- Drawing Shapes, e.g rectangles, squares, circles, ellipses
- Zoom function
